

New Number Announcement

25 New Cables, Flexplates, Flywheels

Q1 – 2021
16 Million VIO

Pioneer – ATP has released 25 new numbers in the Powertrain category including Automatic and Manual Transmission Shift, Detent, Accelerator and Clutch Cables, along with Automatic Transmission Flexplates and a Manual Flywheel. This release expands coverage on mid and late model applications now in the service interval age for these components. Many parts are previously dealer only and coverage includes further expansion on domestic, import and medium duty vehicles.

Parts are available in either brand, based on distributor's preference.
